NUMBER 14.

While Attending the St. Joseph Fair  
DO NOT FAIL TO CALL AT THE

## ARCADE CLOTHING HOUSE

Where only ONE PRICE is asked for Everything. Their New Stock of FALL and WINTER MEN'S, BOYS' and CHILDREN'S CLOTHING is arriving, and when we say that in point of Elegance, Novelty and Extent nothing like it has ever been seen in this part of the state, we but reiterate a sentiment common among those who have visited our house within the past week. That it is the largest stock of Clothing in St. Joseph, there can be no question. Several

and night or day, the people will find the best lighted building in the city in which to examine goods. These goods are marked way down in price. Mr. Levy while in the Eastern markets, bought a consignment of new and superior goods from a well known house who were compelled to sell to avoid an assignment. They are marked lower than ever before, and are just as handsome and stylish as if they were marked 25 per cent. higher. They can fit a fat man, or a lean man, a baby or a child. Every purchaser of a boy's or child's suit will be presented with a school bag. A handsome souvenir be presented to the ladies. Remember the place,

N. B.—During Fair week we will hold grand receptions and exhibitions at our salesrooms.

—Crystal Flake ice cream at E. P. Hostetter's.

—D. S. Alkire is attending circuit court in St. Joseph.

—Mrs. Leota Philbrick has been on the sick list for several days.

—Save your team by buying a light draft wagon of H. C. Schmidt.

—Mrs. Parks has been very sick for several days, but is now improving.

—We return our stomach-felt thanks to John Bond for a fine water-melon.

—The best residence lot in Oregon for sale cheap. Enquire of T. S. Hinde.

—Miss Flora Porter, of Tazewell, Kansas, is visiting with friends in Holt county.

—Mrs. Mary Chapman, of Willis, Kansas, is in the city the guest of her mother, Mrs. M. Spore.

—Mrs. S. W. Morrison and children, of Sabetha, Kansas, are visiting their many friends in Oregon, this week.

—Call at the Forest City Mills and examine the celebrated Caldwell Wagon. For sale by W. S. Canon & Son.

—You can find the best proportioned, the best painted and the very lightest running wagons at H. C. Schmidt's, Oregon, Mo.

—We are glad to announce that Mrs. Lisetta Philbrick, who has been in feeble health for a week or two, is now convalescent.

—Miss Minnie Streckbein, an accomplished young lady of St. Joseph, was visiting her sister, Mrs. Clark Philbrick, this week.

—Henry Nies has had the ally-way between him and James L. Allen's lumber office roofed over and a floor put in thus making a good ware-room for his stores.

—Call and get our prices before buying elsewhere. We handle nothing but the latest improved Caldwell Wagon. W. S. CANON & SON, Forest City.

—A reward of fifteen cents will be paid for the return of a poodle dog that was stolen from the depot at Forest City last Monday night or Tuesday morning.

—Sylvester Goin, who left Holt county on account of high water a year or so ago, we learn is on his way back with all his family, and will locate again on his farm in the bottom above Forest City.

—John Stroud and family, who went from this county to southern Kansas last fall, has returned. He reports that country as greatly overrated, and says that he is fully satisfied to remain in Holt county.

—The Maitland fair is now in progress, and is decidedly the best fair they have held. Friday and Saturday, it is said, will be the best days. On Friday, Prof. Headley, the world-renowned aeronaut, will be there with his mammoth air-ship and make his ascent into the clouds. Remember the day, Friday.

—Lille Bender was aroused from his slumbers last Tuesday night, and grabbing his gun he rushed out of the house after a hawk or owl which he imagined was after his chickens. It proved to be a false alarm, and on going back into the house he discovered that a fine boy baby had put in its appearance during his absence.

—Marsh Saville, who has been lying very low with inflammatory rheumatism for several weeks at the residence of his father, Dr. M. Saville, of Mound City, has so far recovered as to be able to take his departure for Kearney, Nebraska, where he has an extensive law practice. He left last Tuesday morning. His many friends here hope to see him on his return to our midst hale and hearty.

—Fred Markland, who is one of the best business men in Missouri or Kansas, and for a long time with Lahmer & Mills, of White Cloud, Kansas, has severed his connection with that firm and accepted a position with the firm of Frazer & Allen, Maitland, this county. We are glad to welcome him to Missouri, once more. To use an old saying, the man that sells more goods than Fryd will be "too swift for a dog."

—Our farmers must look out for the latest fly which is being played successfully by rascals who travel a state in pairs. One of the conspirators travels the country several days in advance of the other. He is very friendly and familiar wherever he stops, and takes pains to ascertain all the little family secrets. These facts he puts in possession of No. 2, who shortly appears as a magic doctor able to cure any and all diseases. The family are astonished at his knowledge of their life, and are really duped into the belief that he is a marvelous physician. He agrees to cure his victim or so pay, but is careful to secure a note in which it is carefully stipulated that the medicines must be taken as prescribed. He then gives remedies that only an alligator's stomach would endure. The failure to take the remedies vitiates the "no cure, no pay" part of the contract, and the note is good for his face. The game has been played in several counties in Iowa, and the people of Holt should be on the look out.

—Wm. Hardman left Monday for Southern Kansas.

—Mrs. Isiah Oren, of Hickory township, is a success as a color bearer.

—Mrs. Kirkpatrick has rented the residence property of Mrs. Schatz.

—Republicans, attend your primaries, and select your very best men as delegates.

—There will be preaching at the M. E. church next Sunday morning and evening.

—Ben Harris has been attending the Colored Missionary Baptist Association at St. Joseph this week.

—W. A. Gardner, of this county, took first premium at St. Joseph fair last week for best Holstein bull three years old and under.

—Miss Anna Satterthwaite, of Waynesville, Ohio, will spend the winter with her cousin, Mrs. Isiah Oren, of Hickory township.

—George H. Minton, son of Henry Minton, near East White Cloud, will attend the Washington University at St. Louis during the coming term.

—Uncle Rostock celebrated his seventy-fourth birthday on Monday of last week. He has been engaged in the boot and shoe business for sixty years.

—W. P. Hardman has purchased his brother's interest in the Hardman mill, and he is now better prepared than ever to accommodate his many customers.

There is very little sickness just now; our doctors are all grubbing at the state of affairs. The principle trouble in the way of sickness, is summer complaint amongst children.

—The lecture of Dr. Hunt, of Bigelow, at the reform club hall, on Monday night, was very well attended, and quite interesting. The Dr. is an earnest speaker.—Grant City Star.

—Died, September 5th, the infant son of Lewis and Ella Cabel, of Hickory township. The remains were laid to rest in the Nickel's Grove cemetery. Rev. Roberts preached the funeral.

—Miss Cora, the interesting daughter of Dr. Gordon, is attending our Normal school. Miss Daisy Cowan, daughter of John G. Cowan, of Hickory township, is also attending our school.

—Nathaniel Polk has received his letters patent on his recently invented end gate. It is without doubt the best invention of the day, and we hope Messrs. Polk and Schmidt will make a bar'l of money out of this invention.

—Election is in November this year and there are just two more months to wait for the news of Blaine's triumphant election. This coming event has already cast its shadows before, and all good judges concede the above result.

—What is the price of this axle grease? asked the new clerk of a grocery dealer; there is no mark on it. "It depends on your customer. If he asks for axle-grease, charge him fifteen cents a pound; but if he wants butter, make it thirty-eight cents."

—W. A. Gardner exhibited his Pioneer Herd of Holstein cattle and Durco hogs at the St. Joseph Exposition last week, and brought home premiums on the following: Alderman, Flora, Astron Xth, Elanora, and several on his hogs. He is at Maitland this week.

—Our Presbyterian friends are making valuable improvements to their church edifice—it will be re-painted, newly carpeted, the windows remodeled, new seats placed in the church and many other needed improvements will be made. Mr. Lora Baker is the architect.

—The Greenbackers and Anti-monopolists will have a three day's campaigning at Burlington Junction, on September 18, 19 and 20. Harper, Dye, Ford, Crosby Kelley and other speakers will be present. The railroads will give one-and-a-half fare. Let all attend.

—Bear in mind, Republicans, your township primaries are to be held on next Tuesday, 16th inst. Let there be a large attendance of voters, in order that men of sound discretion and good judgment may be selected as delegates to the county convention, which will be held on the 18th inst.

—Corn is king this season on the west, and will no doubt rule at a low price this fall. But as the corn crop is short in many of the Eastern and Northern states this season, it is quite likely that before another season rolls around, our farmers will realize a very fair price for their corn, if they only hold it back for awhile.

—We hope that the contest in the county convention, next Thursday, for the various offices will be a good natured one and that no one will permit himself to be soured by defeat. The candidates must remember that they cannot all be nominated—some must be defeated; and the best plan is to expect defeat in advance; then if nominated, the pleasure will be all the greater. THE SENTINEL has no favorites—every man who is spoken of as a candidate is worthy the nomination, and will receive the hearty support of THE SENTINEL.

—I. H. Lunsford's wife is quite ill with dux.

—R. E. Morris, of Hickory township, will attend the State University this winter.

—Mrs. Dr. Butler and baby have returned from their extended visit in Mississippi.

—Mrs. Della Farragher, of Sabetha, Kansas, is visiting her mother, Mrs. W. B. Davis.

—William McDonald and family, of St. Joseph, are visiting with J. M. Ford and family at Forest City.

—George Robinson and Clay Simpson, of Nebraska City, were entertained by our young ladies last week.

—J. H. Harris, south of Fortescue, will manufacture 1,000 gallons of sorghum molasses during the fall.

—Miss Mattie Peret, of this city, will attend the convent at Marshall, this state, during the coming winter.

—Two hundred and thirteen births and ninety five deaths have been recorded by County Clerk Hunt since January 1st.

—Mrs. C. A. Daughy and her two daughters, of Craig, were the guests of Neal Hoblitzell and family a few days last week.

—Mrs. Christian, son and daughter, and Miss Kate Swift, all of Chicago, Illinois, are the guests of Mrs. Lucy Kaucher.

—Charles O. Trimble, Robert Kneale and Charles Waegle were enrolled as students in our Normal school this week. Welcome.

—Miss Rose, daughter of Henry L. Alkire, Esq., of East White Cloud, will attend our Normal school during the coming fall and winter term.

—A fine specimen of the California Tarantula can be seen at Phil. J. Zilles' jewelry store. It was sent him by W. R. Springer, of Southern California.

—Our old friend, J. W. Robertson, of Forbes township, came in this week, and renewed his faith in the SENTINEL. We are always glad to meet such men, and welcome them to our sanctum.

—Mr. John M. Hasness has sold his interest in the Holt County Press, to Clark Irvine. Mr. Irvine has had large experience in the newspaper business, and will no doubt make the Press quite lively.

—Dr. H. M. Wilson and family, and Lee Wilson and family, who left this county for Southern Kansas a month or so ago, have returned. They will locate again at Forest City, or somewhere thereabouts.

—John Mann and Annie Rowland: W. A. Thomas and Cordie Rowland; of Bigelow; Eugene Burnes and Fannie Elliott, of Mound City, have received their credentials from Recorder Lyons, to "hitch up" for life.

—On Friday last, Mrs. McKinney resigned her position as teacher in our public school, to accept a position in the Maitland, Kansas schools. The school board held a meeting on Saturday, and elected Ed. Brodbeck to fill the vacancy. The selection of Mr. Brodbeck will no doubt give eminent satisfaction to the patrons of the school. We congratulate the board on the wisdom shown in its selection.

—The home circles of Oregon are beginning to brighten up, visiting wives have about all returned. The grass widowers club presented its president, M. Herschberger with a handsome suit of clothes and then busted up the price of vegetables, milk and butter, is on the mind. School has commenced and Indian summer approaches, all is peace—barring politics, and the people of the County Seat are now ready for a thanksgiving proclamation.

—On the 3d inst. W. H. Richards, Swamp Land Agent for this county, received a draft from Phil E. Chanapel, State Treasurer, for the money indemnity, \$2,442.12, recovered from the United States government. This closes the claim for the present, 4908 acres of land scrip, which has been located in Howell county this state, and \$2,442.12 recovered in all. Mr. Richards has yet a claim for 4,000 acres still pending in the national land office, which no doubt will be favorably passed upon.

—There will be a meeting of the Holt County Horticultural Society early in October, the date has not yet been fixed, for the purpose of showing apples, and from this exhibit a collection will be made, to send to the World's Fair at New Orleans in January. Every fruit grower who has nice specimens, should pick carefully, ten of each variety, and pick them as soon as ripe and put them away carefully and keep them for this meeting. Every fruit man should feel enough interest in this matter to make a good collection of all his apples. Holt county can show as fine apples in New Orleans as any other county in the State, if we will only take the trouble to make a collection. Let every one do his part—go to work now, and as soon as a variety is ripe, put it away carefully. Mr. Goodman, secretary of the State Horticultural Society will be present at this meeting.

—C. B. Reavis, of Joplin, Missouri, was visiting friends in Oregon last week.

—Henry L. Alkire has purchased sixty head of steers in Nemaha county, Kansas, and will drive them to his farm near the White Cloud Ferry during the latter part of this month, and will fat them for the Chicago market.

—The remains of Anna, the sweet little daughter of Rev. Stephen Blanchard and wife, who for the time being are making Willis, Kansas, their home, were brought over here for interment last Thursday, she having passed from this world of trouble and sorrow to that better home on High, Wednesday, September 3rd, 1884.

—On last Sunday morning, the residence of Maggie Brownlee was struck by lightning, no great damage resulting. It struck the stove-pipe first, and then followed the water-spout into the cistern, tearing off shingles from the edge of the roof and splintering the weatherboarding along one side of the house pretty badly. It was a narrow escape for the inmates, as the house had no lightning rods, and had it not been for the tall stove-pipe acting as a conductor, the damage would have been much greater.

—For the past few weeks, the many friends of H. T. Alkire have been urging him to become a candidate for the office of Public Administrator. No man in our county is possessed of better qualifications for this important office. He has had large experience in Probate matters, and is thoroughly conversant with the intricate duties of the office which he seeks. Should he be nominated, the Republicans may rest assured of his election, and the people will have an officer they will all feel proud of.

—While walking up Felix Street, St. Joseph, last Monday, we had our attention attracted to the immense retail clothing establishment of the "One Price" Star Clothing House. On entering we were met by Col. H. Ettenson, the genial proprietor, who has just returned from a five weeks' tour of the Eastern cities, where he purchased the largest stock of clothing and gent's furnishings goods ever brought to St. Joseph. He informs us that he bought such a large stock that he will be enabled to sell at lower prices than any other clothing house in the city. Before buying give them a call and examine their stock. 323 Felix Street.

—Mr. H. E. Denny, of Hickory township, is a candidate for the office of Sheriff, subject to the decision of the Republican nominating convention. He is a man of spotless character, of untiring energy, and most excellent business habits. He has been a resident of Holt county for seventeen years, and in all that time no man can say a word derogatory to his character. He is highly connected, and those who know him can only speak well of him. He is the jolliest of jolly old bachelors, and he will no doubt make a strong race before the convention. Should he receive the nomination, he will be elected with a "whoop."

—C. W. Wilson, of Flemming county, Kentucky, is visiting his cousin, J. R. Wilson, of Forbes. Mr. Wilson, has, up to this time, been a leading Democratic politician in Eastern Kentucky, but is now working for the election of Blaine and Logan. He states there is a wholesale stampede from the Democratic ranks to the Republican party all over the State of Kentucky on account of the attempted reduction of the tariff. Mr. Wilson also states that the Irish vote, which has been almost unanimously Democratic, will vote almost a unit for the Republican ticket. Mr. Wilson expresses himself as being well pleased with Holt county, and that he would likely become a citizen of our county at no distant day.

—The young folks of Union and vicinity, were highly entertained at the residence of Mrs. Minerva Meyer, on Friday evening last. This enjoyable occasion was in honor of the 18th birthday of her daughter Hannah. The family had planned a surprise, but failed, we know not why, unless she read it upon the smiling countenance of someone who had been invited to participate in the affair. By eight o'clock the commodious parlor was a scene of enjoyment. The evening was passed in music and play until about ten o'clock, when supper was announced. All welcomed the announcement, for they knew the ability of their hostess to prepare a sumptuous meal. After partaking of cake, ice cream, lemonade and other delicacies, they returned to the parlor and were entertained till the late hour of twelve with music and singing. Those present were Mrs. Alkire Menefee, Mrs. Lizzie Meyer, Misses Ion Curtis, Emma Cottier, Emma Kolmer, Jessie Martin, Jessie Wood, Lida Kelly, Anna Curtis, Eda Martin, Edna Lukens, Bessie Curtis, Lydia Bucher, and Z. E. Kelly; Messrs Thomas Ruggle, Thomas Kyger, Robert Cottier, Robert Menefee, Henry Hood, James Bucher, Richard Irwin, James Meyers. There were quite a number of elegant presents, but our reporter failed to get the list.

—Our educational article is in hand and will appear next week.

—Harry Farragher, of Sabetha, Kansas, spent Sunday in our city.

—Jake Weller, of Maitland, will spend the winter in Colorado.

—Miss Emma Herschberger and children have returned from their visit at St. Joseph.

—Daniel Rung is at home with his parents on a short visit from Springfield, Illinois.

—J. J. Thompson, of Benton township, removes with his family to Kansas, this week.

—We hope our citizens will take an interest in our Harvest Home and make it a brilliant success.

—Henry Holtgreve is selling pure juice of the grape, fresh from the press, at 30 cents per gallon.

—The Kunkel Mills will have a large display of woolen, and stocking yarns on exhibition at the Mound City Harvest Home.

—Mr. George Dunn, teacher of our colored school, returned last Saturday and began work on Monday with an enrollment of twenty.

—A good line of repairs on hand for the Singer and other machines. New cog wheels put in with pins to stay, not just fastened with set screws to slip and give way, call on H. E. Coleman.

—The Craig schools began last Monday with Prof. Ballengee at the head, assisted by Mr. Maxwell in the intermediate department and Mr. Caldwell in the primary. They are able teachers.

—Henry Sterrett is making valuable improvements to his City Hotel property—increasing the number of rooms, and repairing things generally. Henry is a live, wide-awake citizen, always up with the times.

—We are pleased to learn that A. W. Davis, one of Holt's successful teachers, will be the principal of the Westboro school this year. He will be assisted by Mrs. W. B. Carroll, another experienced teacher from this county.

—If you have an old sewing machine that needs repairing, eggs broke or parts worn and needs replacing with new, it can be put in good order and all work promptly done at reasonable rates by calling on or leaving orders at E. P. Hostetter's for H. E. Coleman.

—At the Arthur Williams' sale last Friday liberal prices were paid for property exposed for sale. Stock lots averaged \$88 per head; mule cows, \$30; steer calves brought \$15, while here calves ran up to \$13; yearling steers brought \$17 per head. Arthur is perfectly satisfied with the results of his sale.

—John W. Stokes, of this county, will go into the Senatorial Convention with a solid delegation from this county and the Kodaway delegation equally divided between him and Mr. Campbell of Atchison county. This will give Stokes 13 1-2 votes; Campbell 13 1-2 votes on first ballot. In all justice, the nomination should be given to an Atchison county man, but we fear Marnaduke's lieutenant has decreed otherwise.

### RICHVILLE RALLY.

On last Saturday evening, September 6th, about one hundred Republicans of Nodaway township met at the Richville school house, and were entertained for about three hours in quite a pleasant manner by speeches from L. R. Knowles, W. T. Eddy, J. J. Buchanan, Christ. Waegle and others. The meeting was a very pleasant affair, and added fire to the enthusiasm already developed in the campaign.

### BURRAH FOR THE BOYS.

The Boys' Blaine & Logan Club of this city, composed entirely of patriotic youngsters, ranging in age from five up to fifteen years, raised a Blaine & Logan pole last Saturday afternoon that is an honor to them and not only to them, but reflects credit on a community that can muster such a company of boys. The pole above the top of the ground is seventy-six feet, and was carried from the farm of Johnathan Culp, three miles south of town. The streamer, bearing the names of Blaine & Logan, was made by Miss Mattie, the patriotic daughter of Ezra Benson, of this place. This is another striking proof that Blaine & Logan should—yes, and WILL be at the head of one of the grandest and best governments the sun ever shone upon on the 4th of next March, 1885. Below will be found the names of those participating:

|                  |              |               |

We have but one more suggestion to make, and then we are ready to die happy, (when our time comes) and that is this: That the young ladies of Oregon organize a Blaine and Logan Glee Club. THE SENTINEL is ready to do its part toward supplying the ladies with handsome campaign badges. Let us hear from you, ladies; what do you say?
